

LIST
of PhD students of the Institute of Zoology on 1 February 2022

No	Surname, name	Scientific supervisor	Scientific specialty	Theme of doctoral thesis	Tutors
2nd year (full-time education)					
1.	Vasiliev Alexandr	Șuleșco Tatiana, dr., assoc.prof.	165.02. Zoology	Integrated taxonomy of simuliids (Diptera: Simuliidae), their ecology and distribution in the Republic of Moldova	Bușmachi Galina, dr. hab., assoc.prof., Calestru Livia, dr., assoc.prof., Bacal Svetlana, dr., assoc.prof.
2.	Rusnac Dimian	Șuleșco Tatiana, dr., assoc.prof.	165.02. Zoology	Genetic diversity of sand flies (Diptera: Psychodidae) and their hosts, medical and veterinary importance	Bușmachi Galina, dr. hab., assoc.prof. Calestru Livia, dr., assoc.prof., Bacal Svetlana, dr., assoc.prof.
2nd year (part-time education)					
3.	Zaharov Denis	Nisteanu Victoria, dr., assoc.prof.. Cheaplyga Andrei, dr.hab. (Institute of Geography, Moscow, Russian Federation)	165.02. Zoology	Fossil faunistic complexes and evolution of vertebrate fauna in early stages of Dniester valey formation (Pliocene-Early Pleistocene)	Bușmachi Galina, dr. hab., assoc.prof., Munteanu Andrei, dr., univ. prof. Larion Alina, dr., assoc.prof.
3rd year (full-time education)					
4.	Ciorba Petru	Zubcov Elena, correspondent member, dr.hab., research prof.	166.01. Ecology	Evaluation of the dynamics and migration of oligoelements in the water-suspensions-hydrobionts system of the Prut River	Ungureanu Laurenția, dr.hab., research prof. Toderăș Ion, academician, dr. hab., univ.prof. Bilețchi Lucia, dr., assoc.prof.
3rd year (part-time education)					
5.	Romanovici Nicolai	Munteanu Andrei, dr., univ. prof.	165.02. Zoology	Ecological-ethological peculiarities of aquatic and wading bird species from the	Nisteanu Victoria, dr., assoc.prof., Cozari Tudor, dr.hab., univ. prof.

				Lower Dniester area	Buşmachiu Galina, dr.hab., assoc.prof.
6.	Mararescul Vladislav	Nistreanu Victoria, dr., assoc.prof.	165.02. Zoology	Terrestrial carnivorous mammals (Mammalia: Carnivora) from the Miocene of the Republic of Moldova	Munteanu Andrei, dr., univ. prof. Cozari Tudor, dr.hab., univ. prof. Buşmachiu Galina, dr.hab., assoc.prof.
4th year (part-time education)					
7.	Paladi Viorica	Munteanu Andrei, dr., univ. prof.	165.02. Zoology	Ornithofauna of the Lower Prut Lakes Ramsar wetland	Toderaş Ion, academician, dr. hab., univ. prof. Cozari Tudor, dr. hab., univ.prof. Nistreanu Victoria, dr., assoc.prof.
8.	Mustea Mihai	Bulat Dumitru, dr., assoc.prof.	165.03. Ichthyology	The ichthyo-faunistic diversity and the structural-functional state of the ichthyocenosis of the Cuciurgan cooling lake in the current ecological conditions	Usatîi Marin, dr. hab., univ.prof. Ungureanu Laurenţia, dr. hab., research prof. Zubcov Elena, dr. hab., research prof.
9.	Grozdeva Svetlana	Derjanschi Valeriu, dr. hab., research prof.	165.04. Entomology	Cicadas (Hemiptera: Auchenorrhyncha) from the Republic of Moldova: diversity, bioecology and economic importance	Calestru Livia, dr., assoc.prof., Bacal Svetlana, dr., assoc.prof., Baban Elena, dr., assoc.prof.

LIST
of postdoctoral students of the Institute of Zoology on 1 February 2022

Nr.d/o	Surname, name	Scientific consultant	Scientific specialty	Code of postdoctoral project	Title of postdoctoral project
1.	Bacal Svetlana	Buşmachiu Galina, dr.hab., assoc.prof.	165.04. Entomology	22.00208.7007.05/PD I	Saproxylic beetles (Insecta) from the Republic of Moldova: taxonomy, ecology, zoogeography and importance

2.	Rusu Ștefan	Erhan Dumitru, dr.hab., research prof.	165.05. Parasitology	22.00208.7007.06/PD I	Parasitofauna, the impact of parasitoses on the main species of hunting importance, prevention and treatment
